afe and Elective in Every Form of This

Common Annoying Disease.

Many people suffer from piles, be-

cause after trying the many lotions,

salves and ointments without relief or cure, have come to the conclusion that

a surgical operation is the only thing

left to try, and rather than submit to

the shock and risk to life of an opera-

tion, prefer to suffer on. Fortunately

this is no longer necessary, the Pyra-

mid Pile Cure, a new preparation, cures every form of piles, without pain, inconvenience or detention from business. It is in the form of suppositories, easily applied, absolutely free from polum, cocaine or any injurious substance whitever, and no matter how se-

easily applied, absolutely free from polum, cocaine or any injurious substance whatever, and no matterhow severe the pain, gives instant relief, not by deadening the nerves of the parts but rather by its healing, soothing effect upon the congested membranes. The Pyramid Pile Cure is the most effective, the safest and most extensively sold of any Pile Cure that has ever been placed before the public, and this reputation has been secured by reason of its extraordinary merit and the reasonable price at which it is sold, all druggists seiling it at 50 cents and 51 per package, and in many cases a single package has been sufficient. A person takes serious chances in neglecting a simple case of piles, as the trouble soon becomes deep seated and chronic, and very frequently develops into fatal incurable rectal diseases, like fistula and rectal ulcers. Any druggist will tell you the Pyramid is the safest, most satisfactory pile cure made.

SHERIFF DOTLE ACTIVE. When Sheriff Doyle, of Marshall county, learned of the succession of outrages at Moundsville, he hurried there from McMeehen and used every endeavor to stop such reckless proceedings on the part of an over-excited populace. He was called up by Captain Crockard, of the Wheeling wharfboat, late in the afternoon and informed that the Queen City would pass down last night, and that in passing Moundsville and the other flooded towns she would shut off steam and float on the current. The sheriff promised to take measures to prevent anybody firing on the big Clucinnoit packet, and it was learned late last night that his efforts had proved successful. rages at Moundaville, he hurrled there

QUEEN" STRIKES THE BRIDGE. The Queen City reached Wheeling from Pittsburgh at 6 o'clock last evening and encountered some difficulty in making a landing at the wharfboat, Passing under the suspension bridge her store pipe on the pilot house struck the under-work of the bridge and was demolished. The steam pipes also struck the bridge and were badly twisted.

BOATS RESUME.

Navigation was partially resumed yesterday, when the Virginia passed up for Pittsburgh and the Queen City departed for Cincinnati. The locals will start out to-day, as detailed below and on Monday every boat landing at Wheeling will be in her regular trade. At present it is quite difficult to make any landings, excepting where there are wharfboats, and boats running on the fleed staye are not making much more flood stage are not making much more than expenses.

TRAGEDIAN DOWNING

Tells of Hie Exciting Experience on the Virginia Yesterday.

Tragedian Robert Downing, whose company appears here this afternoon and to-night, was, with his company, a passenger on the packet Virginia which was fired on opposite Moundsville yesterday morning. He describes in the graphic manner the could be expected of him, the excitement that ensued on the boat after it became known that the mate had so narrowly escaped being killed. Mr. Downing says that the boat was close to the Ohio shore and that the wheel was moving so slow that not the least swell reached the Moundsville shore where the shooting took place. Captain Cathoun, he says, actually had supplies on board for the flood sufferers, yet they fired on the boat that was engaged in extending help to them and their fellow sufferers. was fired on opposite Moundsville yes-
